Subject: HPNS Desk Statement

Hi Debbie Amy –

Here’s the desk statement as it stands now. Basically, I think these can be used as talking points. Let us know if you have any edits/changes.

Sen. Feinstein’s office has requested a call for an update on this issue and Brent has arranged for it today from 2-2:45. Brent and Michele will be there, as Bill and I have a meeting with Kerry and Vicki on our OPA functional statement.

In addition, GreenAction has been notified of the found object, so we expect to receive calls from media soon.

Please let me know what else you need from us.

Thanks,

Kelly
